VEJPRAVA-PENMAN

Another of Blairmore's most popular young athletes, in the person of Mr. "Tony" Vejprava, has strayed from the bachelor ranks and was caught in elms of matrimony on Friday evening last, when he became united to Miss Margaret Donaldson Penman, eldest daughter of Mr. and Mrs. A. Penman, and one of Blairmore's most popular young ladies.

The ceremony took place at the home of the bride in the presence of a large concourse of friends and relatives of both parties. Rev. W. T. Young was the officiating clergyman and is said to have tied a knot that will not sever.

The bride, in a wedding gown of blue all time crepe, entered the room on the arm of her uncle, James Bain, of Hillcrest. She was preceded by the ring-bearer, Miss Isa Penman. The bridesmaid, Miss Annie Penman, was prettily dressed in fawn satin and carried a bouquet of pink and white carnations. The groom was assisted by Mr. Joseph Stafford.

The house was tastefully decorated in blue and white, the hockey colors, with hockey sticks forming the basis of the scheme of decoration. Vases of chrysanthemums gave an added touch of beauty to the rooms. The bridal cake consisted of three layers, beautifully decorated with miniature hockey sticks and blue and white ribbons. A large number of guests were present including members of the Blairmore hockey club, of which Tony is a member. The groom's present to the bridesmaid was a French ivory set; to the best man, a shaving set; to the ring-bearer, a signet ring; and to Mr. James Bain, a pearl tie pin. A large number of useful and beautiful gifts were received by the bride and groom. The young couple will take up residence in Blairmore and have the

CROWS' NEST PASS INTER-MEDIATE HOCKEY LEAGUE

At a well-attended meeting of representatives from the various clubs, held at the Greenhill hotel parlor on Monday night, reorganization of the Intermediate league for the season 1924-25 took place.

The chair was occupied by J. J. McIntyre, president. Mr. Rhynas, secretary-treasurer, was present and read the minutes of previous regular and special meetings, which were adopted. Delegates were present from Hillcrest, Pincher Creek, Bellevue, Blairmore and Coleman.

The financial statement for the year was somewhat encouraging.

It was decided on motion that the personnel of the league be same as last year, namely, Bellevue, Hillcrest, Blairmore, Pincher Creek and Coleman Juniors.

The minutes of the recent A.A.H.A. meeting were read and ordered filed, also several communications from Mr. Batram.

On motion, it was decided that after all clubs had been duly notified of a meeting, representatives of three clubs would constitute a quorum to transact business. Also that affiliation fees be same as last year; and that for referees each club submit two names to the secretary, the president to have power to appoint a referee for each game, and that all protests be handled by the league executive; that no points be counted in intermediate championship games with Coleman Juniors. Other decisions of minor importance were made.

Colors for the various teams will be practically same as last season.

Each team must register players with the league secretary, not later than December 10th.

Election of officers resulted as follows:

Honorary President—George Kellock, Coleman.
Hon. Vice-Presidents—G. A. Vissac, Blairmore; R. W. Morgan, Pincher Creek; Noble McDonald, Bellevue; Dr. Rose, Hillcrest.

President — Joseph J. McIntyre, Bellevue, re-elected.

Vice-Presidents—W. Hillas, Coleman; J. P. Alexander, Pincher Creek. Secretary-Treasurer—M. G. Rhynas, Blairmore, re-elected.

A proposed schedule for the season was submitted by the secretary and it was decided that copies of same be left with delegates to submit to their various clubs for approval or changes, and that same be returned to the secretary not later than December 10th.

In conclusion, President McIntyre addressed the meeting, thanking those present for their expressions of confidence in him as an executive head and promising to do all within his power towards making the season successful.

He was glad to see at the meeting representatives of the A.A.H.A. and the Press, both of whom, Messrs. L. L. Morgan, vice-president of the A.A.H.A., and W. J. Bartlett, of The Enterprise, were called upon to address the meeting.

The intermediates will likely start their schedule with a game in Blairmore on December 18th.

SANTA CLAUS ON WAY TO BLAIRMORE

Doc Hynes received a radio message on Monday night, saying that Santa Claus had left Horseshoe Island for Blairmore direct, travelling by Ford car. He is expected to reach here on the evening of December 24th, unless held up by stormy weather.

very best wishes of everyone for long years of happiness and prosperity in their wedded life.

ODDFELLOWS HOLD DISTRICT MEETING

The annual meeting of the Oddfellows' district, comprising Pincher Creek, Cowley, Coleman, Bellevue and Blairmore, was held in the local hall on Tuesday night and was well attended.

The following delegates were present:

Cowley—Messrs. Robinson and Charles R. Mitchell.
Coleman—Messrs. J. Hadfield and W. Burrows.

Bellevue—Messrs. T. Bradley and James Cousins.
Blairmore—Messrs. J. B. Harmer and T. S. Dawson.

Pincher Creek was not represented.

The chair was occupied by District Deputy George Christie, of Bellevue, while M. B. Huffman, of Blairmore, occupied his position as secretary-treasurer of the district. During the meeting many matters of interest were discussed.

Nominations for district deputy for 1925 resulted in the selection of M. B. Huffman, of Blairmore, while J. B. Harmer was chosen district secretary.

It was decided unanimously to hold the next convention at Coleman.

The district meeting was held under the Good and Welfare order of business of the local lodge session.

Following the district meeting, the initiatory degree was conferred on one candidate by the local lodge team.

After the close of the meeting a sumptuous supper was served at committee in charge being Messrs. J. R. Gresham, M. B. Huffman and W. T. Patterson.

Russia Must Pay Cash

Only Basis of Commercial Relations

Cash on delivery is the only present basis of transactions between Russia and her immediate neighbors. In the nature of things, Germany would be the first country which would succeed in establishing commercial relations with Russia. But her competitors have found it a ruinous business, and are not disposed to throw. And, as Sir Robert Horne and other opponents of the treaty have pointed out, where Germany has failed in this matter no other country is likely to succeed.—Glasgow Herald.

More Wheat Exporters

Canada May Soon Have Greater Competition in Growing Wheat

A bulletin received in Montreal from the French ministry of foreign affairs states that Russia is determined to regain its old place in the world as a wheat exporting country, and that Canada may soon be faced with competition similar to that of pre-war days.

According to the dispatch, M. Kamov, the Soviet minister, is publicly deploring the fact that Russia is exporting only one-fifth of the wheat she exported under the Czarist regime.

Australia will export to Canada as an exporter of wheat before 1925 is well advanced, declared Sir Mark Sheldon, of Sydney, N.S.W., in an interview at Toronto. Australia will have 100,000,000 bushels for export before the end of January, he said, and there are vast areas of low priced land available for wheat growing still. In no other commodity which Canada exports extensively, however, did he think Australia would become Canada's competitor.

Plans Great Municipal Broadcasting Station

New York Has Appropriated Fifty Thousand Dollars For Erection

Physicist thousand dollars have been appropriated for the erection of a great municipal broadcasting station in New York, and soon people all over the country will be able to hear the music the metropolis enjoys, and to listen to the great speakers and artists that visit the country's largest city. According to Commissioner Whalen, this means that at least 300,000 persons in the city can enjoy the band concerts in the park this summer, instead of only a few thousands around the bandstands, and that a million radio fans throughout the country can hear the famous bands and artists that delight New Yorkers.—Popular Mechanics.

War Indemnity Claims

In order that there might be no misunderstanding respecting the payment of war indemnity claims now being investigated, Thomas Mulvey, K.C., under-secretary of state for Canada, has pointed out that when the Canadian Government decides to retain and liquidate German property, the proceeds will be paid to consolidated revenue, but until such decision is reached, the proceeds of any sale of German property are held by the custodian.

Light Weight Motor Boats

Germans Using Alloy of Aluminum Which Is Rustproof

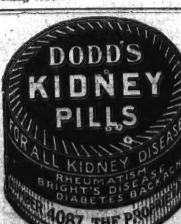

Duraluminum, an alloy of aluminum, is entering largely into the construction of motor boats in Germany.

The weight of a duraluminum boat is but two-thirds of a steel boat, and but half that of a wooden boat of the same size. Furthermore, duraluminum boats are rust and weatherproof and consequently permit of a considerable saving on upkeep costs, the builders claim.

Interested in Immigration

Is Suitable Immigrants

W. D. Robb, Vice-President of the C.N.R., who has recently returned from a trip to Europe.

Larger Agricultural Population Would "Bring Increased Prosperity"

"After carefully studying the situation, I am more than ever convinced that Canada offers better prospects than any other country in the world for industrious and thrifty people who are looking for a place to establish homes and make a living," declared W. D. Robb, vice-president of the C.N., who recently returned from Europe. "My tour included, England, Scotland, Belgium, Holland and parts of France, reviewing the possibilities of obtaining settlers, and am truly of the opinion that the north of England and Scotland, more especially Scotland, have a large number of potential immigrants of the right type for Canada. There has been no real diminution in the number of unemployed, and it is in the northern cities, particularly, that unemployment is most rife. Estimates show that the number of unemployed is still uncomfortably near the million and a half mark. Only two or three before I sailed, East Halse made an appeal on behalf of eight hundred thousand unemployed ex-soldiers. These were men, the Earl said, who wanted work, not idleness, and it is the men who want work that Canada is looking for. Canada, therefore, offers the natural solution of the problem facing many thousands of men having the qualities, energy and intelligence to succeed as settlers on our broad agricultural lands."

"The situation in Belgium is altogether different. There is little unemployment there and industrial conditions are generally satisfactory. As far as France is concerned she actually needs immigration rather than emigration, as she is short of manpower, and on this account does not permit immigration activities or propaganda."

"Although I had only a few weeks at my disposal I succeeded in covering the territory on the continent in which the department of colonization and development is most particularly interested at the present time, and I am satisfied that in Norway and Sweden, as well as in the countries named—

with the exception as already explained—of France, Belgium and Holland, there are a large number of people eminently suitable and available for settlement on the land in Canada."

Forish, pale, restless and sickly children, use their condition to weary Mother Graves' Worm Exterminator will relieve them and restore health."

Relief For Unemployed Miners Relief for the unemployed coal miners in the Farns district will be extended by the Provincial Government through the undertaking of highway improvement immediately. Hon. W. H. Butherford, minister of public works, said in a statement issued recently. It is estimated that 750 men were thrown out of work through the closing down of the mines.

SUNDAY SCHOOL LESSON

DECEMBER 7

THE MAN BORN BLIND

Golden Text: One thing I know, that whereas I was blind, now I see. John 9:25.

Lesson: John 9:1-41. Devotional Reading: Revelation 19:1-8.

The Question About the Connection Between Blindness and Sin, verses 1-6. The Jews held that calamities were always the result of sin, as the great drama of Job so strikingly proclaims. "Habb, who sinned, this man or his parents, that he should be born blind?" questioned the disciples as they came upon a man blind from birth, sitting among the beggars at the gate of the temple. "The disciples see the difficulty of the orthodox Jewish explanation. There is probably a reference either to the Greek view of the soul's preexistence, or to the possibility of prenatal sin, an idea recognized in Rabbinic Theology" (Peake). "In the presence of the evils of the world, how can you content themselves with asking curious questions? It is inevitable that we reflect and reason about such problems, but let us be sure that we deal with them personally, practically, as Jesus did" (Walkington).

Sin does cause suffering, but the disciples' pitiless logic of no sin, no suffering, was quietly denied by Jesus. Jesus' answer voices the principle that suffering is in God's plan for this world, that it offers opportunity for divine power and for man's effort. "Neither did this man sin, nor his parents; but that the time for my working is short, continued Jesus. "When I am in the world, I am the light of the world."

He added, the miracle which he was about to perform on the eyes of the blind man was typical of his power to give spiritual sight. Dr. G. Campbell, well known to the interesting suggestion that we change the colon after the word "parents" to a period, "the blind man with whom Jesus came, thus, but that the work of God should be made manifest in him. I must wait the word of Him that sent me, while it is the night cometh, when no man can work."

The man was not born blind in order that a spectacular miracle might be wrought upon him; but, being blind, Jesus would use His divine power to heal him.

Simultaneous Banquets

Immense Possibilities of the Wireless Are Demonstrated

A remarkable simultaneous banquet, the first of its kind, which illustrates once again the immense possibilities and possibly also the errors of wireless, was held recently, when 10,000 people in fifty-seven cities in the United States and Canada, and in London, Liverpool, Hull, Bristol and Glasgow dined at the same time and listened to precisely the same speeches. But though it was 11:30 p.m. over here it was only 6:30 p.m. in Pittsburgh where the key banquet which was of a trade character was held, while it would be about half past three in San Francisco, an hour later in Salt Lake City and about 5:30 p.m. at Chicago and Winnipeg. President Coolidge delivered a speech at the White House in honor of the occasion which was transmitted over 400 miles of ordinary telegraph wires, and a wireless broadcast cast all over the United States and Canada, and to London. Every one of the 200 people at the London banquet was provided with a hand-phone, and the president's speech beginning with "I extend to the people in the United States, England and Scotland are all listening to me," was heard perfectly, and it was also picked up by amateurs in various parts of the country. Mr. Coolidge made appropriate reference to the progress of science and to the fact that the wireless would not develop into a menace to society.

Long Standing Asthma. Many have suffered so long from asthma and have tried so many so-called remedies they think that there is no real help for them. They should read the letters received by the manufacturers of Dr. J. D. Kellogg's Asthma Remedy from hundreds of cases once an asthmatic as their own. Even in long-neglected cases this famous preparation brings prompt help.

Government Bank Successful An increase in deposits from \$7,400,000 to \$10,000,000, and from 18,515 to 24,548 depositors. Is shown by the report of the Manitoba Provincial Government Savings Bank for the financial year ending August 31. The object in establishing this bank, which is purely a savings institution, was to secure means to lend out for agricultural development. The depositors are chiefly farmers and wage-earners.

Fort William Growing The assessment commissioner's statistics of the population of Fort William made recently, give the population as 22,320, an increase of 1,267 over that of last year. Forty-four nationalities appear on the roll.

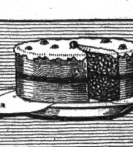

Ship Weighted With Barnacles Thirty tons of barnacles were removed from the bottom of a ship after a voyage of six months from Bombay to Liverpool.

Fire Losses Decline

Were Smaller in 1923 Than in Year Before

An increase of \$2,907,043 in the amount of fire insurance business transacted in 1923, as compared with the preceding year, is shown in the report of the federal superintendent of insurance. Last year's figures show that the amount of five premiums written was \$53,434,249, as compared with \$51,036,206 for 1922. The losses incurred for 1923 were less by \$882,267 than the losses for 1922, the figures being \$34,292,671 and \$35,174,938, respectively. The ratio of losses to premiums written for 1923 is therefore 63.57 per cent. in comparison with 65.97 per cent. in 1922, and 56.93 per cent. for the last five years.

"SAFETY FIRST" SUCCESSFULLY STAGED BY PINCHER ARTISTS

The play, "Safety First," was staged at the open house here last night by capable talent comprising the Pincher Creek Dramatic Club, directed by Mrs. T. J. Cumberland.

This grand entertainment was staged under the auspices of the Capt. David Fraser Chapter of the I.O.D.E., and was a huge success. The attendance was large and the repeated applause voiced the appreciation of local patrons.

Following were the characters:
Jack Montgomery, a young husband—Mr. H. Purkis.

Jerry Arnold, an unsuccessful financier—Dr. Geering.

Mr. McKurt, a defective detective—Mr. W. Cable.

Elmer Flannell, a college student—Mr. K. Main.

About Ben Moche, a Turk from Turkey—Mr. H. Clements.

Mabel Montgomery, Jack's wife—Miss Agnes Pelletier.

Virginia Bridger, her young sister—Miss Blanche Oulette.

Mrs. Barrington-Bridger, their mother—Mrs. Parker.

Zuleka, a Turkish maiden—Mrs. Hazel Dobbie.

Mary Ann O'Finerty, the maid—Mrs. J. T. McAllister.

Solos were rendered by Mrs. A. C. Freebairn and Mrs. L. L. Morgan.

We understand that a considerable sum was netted.

"B-O-B-S" REORGANIZE

At a rally of the "Bobs," the Blairmore Old Boys Association, at the Union church clubroom on Thursday night last, reorganization for another year was effected.

The chair was occupied by Mr. W. H. Chappell, who briefly outlined the work of the association since its formation. Mr. Chappell expressed regret at the absence of Mr. Allan Hamilton, one of the chief promoters of the association.

Mr. Mose Johnson, in the absence of Secretary Pilford, read the minutes of last regular meeting, also the financial statement for the year, both of which were adopted.

Election of officers next took place, with the following results:

Honorary President—J. W. Gresham, P.M.

Honorary Vice-Presidents—Mr. G. A. Vissac, Mr. Raoul Green, Mr. W. A. Henderson and Mayor McLeod.

President—Mr. A. E. Ferguson.

Vice-President—Mr. W. H. Chappell.

Secretary-Treasurer—Mr. W. L. Evans.

Executive Committee—Messrs. J. E. Upton, Harry Burns, W. Thomas and L. Dutil (re-elected).

Rev. Mr. Young addressed the meeting, expressing appreciation of assistance afforded him in the carrying out of work among the boys and girls during the year. He also outlined briefly what was planned for the future and the probable amount of funds needed for this work. Part of the plan was to install in the clubroom a carpetball floor, a new billiard table and other equipment. It was hoped soon to stage a young people's musical contest, also an oratorical contest for boys and girls, for which a public speaker's badge would be awarded.

Mr. Chappell suggested the erection of an aerial, attached to the clubroom, so that anyone who felt so disposed could bring along a radio during a winter evening and provide an entertainment for the young people.

Committees were chosen, to canvass the town for members and funds.

COLEMAN MINER COMMITS SUICIDE

On Saturday afternoon last the prostrate body of Mike Moszuk was found by the police lying across the grave of his little daughter, who had died two years ago, following a search of some hours for the man, who disappeared from his home at Coleman after remarking to his wife that he thought it would be better to be dead. Medical examination of the body showed that death resulted from a dose of carbolic acid.

Moszuk leaves a wife.
The remains were laid to rest on Monday afternoon, Rev. D. K. Allan officiating.

HILLCREST ENTERS HOCKEY ARENA

The reorganization of the Hillcrest Intermediate Hockey Club was effected last week at a well-attended meeting of hockey enthusiasts. The following are the officers:

President—Dr. Rose.
Secretary-Treasurer—Donald Grant Manager—G. Cruickshanks.

The intermediates are putting on a strong team. They have decided to affiliate with the Crows' Nest Pass Intermediate Hockey League and hope to put up a good showing this season.

The inter-town hockey league has also been arranged, with the lineup of at least four teams, namely: The Nightingales, Tuxis, K.P.'s and Un-named.

Watch Hillcrest go!

LOCAL CURLERS WILL ATTEND DIVINE SERVICE

Members of the local ladies' and gents' curling clubs will set the ball rolling this season by attending divine service at the Union Church on the evening of Sunday, December 14th, when Rev. Mr. Young, the president, will preach. Curlers will practically have charge of this service. They will not be expected to bring along rocks and brooms and score boards, but will man the choir, furnish the music and take an interest in the collection.

All curlers and their friends are reminded of this service and are urged to bear same in mind and attend.

Orders have been received from the B.C. government to widen the road around the Crows' Nest hill and also fill in the gully at the hairpin turn, west of Fernie.

On The Move

LIKE the "standing army" that "just stood," goods that remain on the shelf are expensive luxuries to any merchant.

ADVERTISING is the force that moves slow sellers from counter to customer. Every advertisement is a salesman of proven ability, reaching every class, creed and sex in the community.

The set-up of an Advertisement is as important as the dress of a salesman. In "The Enterprise" special attention is given to Advertising set-up. In our columns

The Enterprise is arranging plans for publication of its annual Christmas Number, which this year will appear on Monday, December 22nd. Orders for special advertising and greeting spaces are now being received. This year's paper will be the biggest and best ever and will form an ideal souvenir to send to your friends.

The University of Alberta in co-operation with the Crop Improvement Association has selected W. J. Stevens, University of Alberta, Edmonton, to represent the province at the International Grain and Hay Show in Chicago, November 29th to December 6th, and have official charge of the exhibits from Alberta.

The world has made progress just in proportion as it has grown humane—that is, in proportion as it has grown really Christian.

The annual convention of the United Farmers of Alberta will be held January 20 to 23, it is expected, in Calgary.

Alberta beef cattle are in demand in Europe, as evidence the shipment of over 300 head which left the Edmonton stock yards the past week for Antwerp, Belgium.

The University of Saskatchewan will stage an educational display under the direction of M. P. Tullis, dealing with the crop improvement work, at the International Grain and Hay Show, which will be held in Chicago, November 29th to December 6th, in connection with the twenty-fifth anniversary of the International Live Stock Exposition.

J. O. D. Motherill, barrister, of Edmonton, and A. Chard, freight traffic supervisor of the provincial government, are representing the government at the hearing at Vancouver in the appeal to the railway commission by the B.C. government for a lowering of freight rates on grain to the Vancouver terminal from the prairies. The Alberta government through its representatives is supporting this application.

Leonard Darwin says: "Many of the symptoms now clearly discernible in our social conditions are the same as those which we know were discernible in Europe before the advent of the dark ages." He does not think improvement in health of the people, the lowering of death rates, the eradication of the great diseases scourges, will prevent our downfall. He accepts the Wiseman theory rather than that of his distinguished predecessor, Charles Darwin. That theory holds the cells of reproduction to be the essentials of heredity. The other parts of the body are in appendages to the genetic cells and what happens to those appendages is not of major importance in heredity. Leonard Darwin is apt to take the altruistic viewpoint. He says the poor stocks must prepare to forego some of the pleasures of parenthood; the good stocks to assume the responsibilities and burdens of rearing adequate families.

"Why, Johnnie, you've got a lump on your head. Have you been fighting again?"
"Fighting? Not me!"
"But somebody struck me. I wasn't fighting at all. It was an accident."
"An accident?"
"Yes, I was sitting on top of Tommy Scanlon, and I forgot to hold his feet."

H. H. Hull, secretary of Alberta's Prohibition party, is reported to have said that "after six months of operation, the new system of sale of beer by the glass and open bottle, served and consumed at tables on licensed premises is acknowledged by thinking people to be worse than the old bar system." Such a statement is foolish and Mr. Hull knows full well that the present system is one hundred per cent better than the old bar system.—Innisfail Province. [And anyone who will not settle this 100 per cent improvement should not be allowed to run at large.]

Here and There

"Moose are plentiful in the Chapleau, Ont., district, and hunters can secure a good 'bag' of deer and bear," says J. W. McVey. Experienced guides can be obtained and hunters are assured they will get their limit.

"One of the things for which Canada is most to be congratulated is that she has established a system of education that compares favorably with any in the world. Canada is a nation of literates, she has a remarkably small proportion of illiterates," stated the Right Hon. H. A. L. Fisher, former Minister of Education in the British government, when disembarking at Montreal.

One of the many gifts offered by enthusiastic individuals to the Prince of Wales on his visit, the majority of which he could not for obvious reasons accept, was a package of French-Canadian tobacco grown on a farm at St. Roch d'Achigan, situated near the boundaries of Montcalm and Assomption counties. In a letter from the Alberta ranch the Prince through his secretary thanked the donor for the gift.

A cablegram from London, England, quotes an article in the "Financial News" dealing with the British Empire Exhibition. It stresses the exceptionally fine exhibit staged by Canada and the unquestionable direct to trade relations it has effected. The article pays a high tribute to the Canadian Pacific Railway exhibit, describing the railway's gorgeously illuminated map of Canada, with its 5,000 incandescent lights as probably the most brilliant specimen of cartography ever seen at the exhibition elsewhere.

It has been announced that H. J. Logan, M.P. for Cumberland, will accompany the Minister of Trade and Commerce to the West Indies to negotiate a new reciprocal treaty with those islands. The general purpose of the visit is to admit West Indian commodities free in return for Canadian manufacturers receiving similar treatment, the products of the two countries being entirely dissimilar. It is also hoped to build up a direct system of importations through Canadian ports instead of through the United States, by which route a great proportion of West Indian products now come to Canada.

The Canadian Pacific Railway has appointed P. A. Cox, general agent, to assist Oriental manager, at Shanghai, and E. F. L. Sturdee, acting general passenger agent for the Orient, to be general passenger agent for the Orient, with headquarters at Hongkong. Leo Solloway, recently appointed Asiatic freight agent, with offices at Montreal, and supervision over Oriental and Australasian traffic via Pacific ports, has the distinction of being the youngest official in the Canadian Pacific Service. He was born in Vancouver, in 1896, and has been in the steamship freight service 14 years.

DOES ADVERTISING PAY?

—Advertising has made the Victorio dog famous.

—It has put Castoria down your throat, left bristles in your gums, and then come along with a Rubberset and taken them out.

—It has put Sogodent, Pebeco and Peppodent on your teeth.

—It has put a Gillette against your hay-field.

—It has put Murine in your eye, sold you Cuticura for pimples, Pears for the bath, and Ivory for the tub.

—It has put Arrow collars around your neck and Ingersolls around your wrist.

—It has jammed your feet into Hole-proof sox, put Pairs garters on your legs and Tiffany rings on your fingers.

—It has worn out your jaws on Wrigley's and posted you on what to buy to cure corns, warts and bunions and ingrowing toenails.

Go anywhere you want to, do anything you wish, and advertising has had a hand in it—absolutely.

And then some people ask—"Does advertising pay?"—The Kansas City Star News.

Lots of people wouldn't go to the polls if they didn't want to vote against someone.

Already the Elks are talking of giving the kiddies of Blairmore a real Christmas treat.

CHINESE INTERESTED

IN MINING

A mining prospector, of Houston, central British Columbia, who visited Smithers recently with some very rich free milling ore obtained from Sibot's mountain in the Houston district, is backed by a rich British Columbia Chinese merchant, who is prepared to prosecute extensive development operations next spring. Quite a number of Chinese in the Pacific coast province wash gold from sand and gravel bars of the interior rivers, but this is the first Chinaman that has appeared in the field of quartz mining.

SAVE YOUR 'MOTHERS' BREAD' WRAPPERS

The Bellevue Bakery, to show their appreciation of their customers for support given them in the past year, have gone to a considerable expense to get fine English China Bread Plates, with the picture of Crown Nest Mountain thereon. As they want as many as possible of their customers to secure one of these plates, they are going to give one to each customer (while they last) upon the return of 10 Wrappers from their Mothers' Bread, any time before Christmas.

Either return wrappers to stores or direct to the Bakery at Bellevue. Samples of the china may be seen at any store selling Mothers' Bread. Only purchasers of their bread from stores will need to take advantage of this offer, as the drivers will look after their own customers.

MEETING OF CROWS' NEST PASS-HOCKEY LEAGUE

A general meeting of the Crown Nest Pass Hockey League was held at the Greenhill hotel last evening.

The meeting was presided over by Eddie McDonald, first vice-president. Present were Messrs. E. C. Costick, second vice-president, Bellevue; L. W. Turcotte, secretary-treasurer, Lethbridge; Dr. J. A. Key and S. J. Laney, Bellevue; W. W. Scott and W. H. Chappell, Blairmore; W. W. Purvis and J. Hulme, Coleman; W. Henderson and J. Hulme, Coleman; W. Henderson, Lethbridge.

The league decided unanimously on the choice of Dr. G. W. Leech, of Lethbridge, as their president.

The schedule as proposed was approved, with but one exception, namely, the game on Saturday, February 7th, Bellevue at Lethbridge, changed to read Thursday, February 8th.

T. Clarke, of Coleman; M. G. Rhynas, of Blairmore, and another to be named by Lethbridge will be official referees for all league games. For exhibition games, played before the league opens, the system of using both judge of play and referee will be tried out. If this is satisfactory, there will be a mail vote to decide whether the two-man system or one-man system for league-game judging will be adopted.

Lethbridge will play Blairmore or the Blairmore ice, and Coleman will play Bellevue, at Bellevue, in exhibition benefit games before the season opens, proceeds to be handed over to Mr. W. Turner, the ex-captain of the Blairmore club, dates to be decided upon later.

The Charbonnet Cup series will also be played before the league games start, weather permitting.

Directors of the defunct Home Bank of Canada, somewhat responsible for the robbery of thousands of Canadian citizens, have been allowed to make reparations by serving terms of from three to nine months imprisonment—a smaller term than is usually handed out to a person convicted of having taken a drink of six per cent beer in Alberta's pure air or imbibed too freely of the liquid that cheers.

A most successful tag day was held in Blairmore on Saturday last for the purpose of raising funds for the Intermediate hockey team. Tags sold at anywhere from 50 cents to ten dollars. The boys are to be equipped with new sweaters, etc., and will be quite attractive when they appear on December 18th.

COLEMAN WOMEN'S

INSTITUTE REORGANIZES

The annual meeting of the Women's Institute was held at Coleman on Thursday evening of last week, with a good attendance.

Arrangements were made for a short military course to be held in March. Selection of officers resulted as follows:

Honorary President—Mrs. Charles Oumette.

President—Mrs. Andrew McLend.

First Vice-President—Mrs. D. C. Allan.

Second Vice-President—Mrs. E. Ash.

Secretary-Treasurer—Mrs. J. McConechy.

Directors—Messrs. W. L. Rippon, W. Burns, A. Cornett.

Auditors—Mrs. C. Oumette and Mrs. O. E. S. Whitledge.

LOCAL ELKS WILL STAGE GRAND BALL ON DEC. 12

Invitations have been issued for the first annual ball to be given by the Blairmore Lodge No. 15, B.P.O.E., in the opera house on the night of Friday, December the 12th. The largest crowd and the best time on record is assured.

We understand that about twenty-five tables are being provided on the stage for the benefit of those who prefer playing cards or checkers, or other games, to dancing.

Invitations will be extended to your friends upon application to the chairman of the entertainment committee, Mr. D. M. J. Conway.

All "Bills" are cordially invited to leave their two-dollar "bills."

A most successful sale of work, home cooking, candies, etc., was conducted in the lodge hall on Saturday afternoon last by the ladies of St. Luke's Anglican church. Practically everything was sold out before supper time. After supper a whist drive was held and was largely attended. We understand that from the whist drive and one or two small side attractions, upwards of \$50 was netted while a very substantial sum was realized from the afternoon sale. The ladies desire to thank all who attended and patronized, or in any way assisted towards the success of the affair. The proceeds of the whist drive are to go towards the annual Christmas Tree.

Down in Newfoundland they have a novel way of making meat tender. A twenty-year-old cow or steer is attached to the rear end of a mile-a-minute passenger train by about twenty feet of cable and dragged a distance of from five to fifteen miles. To ensure veal-quality meat they are let off at ten miles, for T-bone steak they are drawn a distance of fourteen miles. The trouble is the entrails are in such a shape after the ordeal that they are really worthless.

Pupils of the local high school have been busy of late in organizing an orchestra. Several practices have been held, and judging by the amount of talent displayed, the orchestra will be a success.

Miss Jacques, of Calgary, is relieving Miss Kennedy for a few days as matron of the local hospital.

The Dowager Queen Alexandra celebrated her eightieth birthday on Monday, December 1st.

Pete Ubertain is reported to have disposed of his interest in the Colonial theatre, at Lethbridge, to Mr. H. H. Granger.

A gentleman's glove, picked up at the Ninth Ave. railway crossing, may be obtained upon application to T. Guschel.

At the regular meeting of the school board on Friday night last, the contract for converting part of the basement into a classroom was let to Contractor Pozzi. J. H. Bond has been engaged as teacher for the new room.

The local Elks have secured a lease of the Fazio Hall, over Montalbet's store, which is being renovated and furnished. A splendid clubroom is being arranged in connection with the hall, where visitors from outside points may be entertained or made feel at home.

From Montreal a warning has been issued to merchants and others to be aware of ostensibly genuine American twenty-dollar bills, which in reality are one-dollar bills cleverly raised by means of sticking on the spurious figures, for which purpose such paper is used that detection is almost impossible.

The Bellevue Bakery make their own mince meat. Try their mince pies.

Mr. and Mrs. Delbert Ennis are rejoicing over the arrival this week of a baby daughter.

The senior hockey league schedule, as approved at the league meeting last night, will appear in our columns next week.

Local Oddfellows are reminded of the regular meeting on Tuesday night next, at which the Initiatory, and possibly the First Degree will be conferred.

The first regular meeting of Blairmore Lodge No. 15, B.P.O.E., will be held on Wednesday night next at 8 o'clock in the Elk Hall, over Montalbet's furniture store.

Mr. and Mrs. J. Leigh, Mrs. H. C. Morrison and Mrs. Archie Swart, of Cowley, and Mr. and Mrs. Ed. Groves, of Lundbreck, were among those who came to town yesterday to witness "Safety First."

While touring through New Brunswick a few weeks ago, we had the pleasure of meeting Mr. Beattie, former government road superintendent in this district and resident of Hazel Island. Mr. Beattie is Eastern Canada manager for a large farm and roads machinery manufacturing and distributing house, with headquarters in Toronto.

Holiday Greeting Cards

Among the pleasant annual customs prevailing in modern times is the practice and custom of sending out personal greeting cards. These cards many times serve to link the past with the present and rekindle the old spark of affection in those with whom we have in former days held close and friendly communion.

Then, There Is the Other Side—

From the purely personal greeting, the amenities of modern business have extended the custom to the sending of greetings by business concerns to patrons and an exchange between the business houses themselves.

Business men who have for months been enjoying the patronage of residents of the district find it quite the thing to thank their friends for their patronage and wish them the greeting of the season.

Next Comes Our Side—

We have stocked the greatest variety of popular priced Christmas and Personal Greeting Cards ever carried by any country office in Alberta. These cards are all this year's stock of latest designs and they are marked down so that the wage earners can afford to buy nicely printed cards at a fair price. These cards in many instances take the place of presents and are economical to use. Call and look over our samples or phone in and we will call with our samples.

The Blairmore Enterprise

International Dog-Sled Derby For February

In and around Quebec. Top left—Trotting on Rabbit-Horn Grounds. Right—Earl Brydges huskies, winners of last year's derby, resting the post. Left—A fair-riding enthusiast. Below—The Chateau Frontenac dog team with "Mountie" kennels north-west husky leader.

In a guide to "The City of Quebec" one reads that among other things Quebec is celebrated for its horse races, which for more than a century have been organized and kept going by the wealthy officers of the British crack regiments stationed there on garrison duty, and that the organization of the Quebec Turf Club dates back to 1785. Horse racing is still a seasonal attraction to the Ancient City. The Fall meet brings horses and racing enthusiasts from practically all over the continent, and has gone for years, but the native Quebecer is inclined to welcome more over the trotting races that take place when the snow is packed hard on the course. Then there are horse shows and really belong to him. Horses from "way back", perhaps.

One has only to attend a trotting meet in Quebec to know just how much of the true sporting spirit is inherent in the French-Canadian. It is not always the one who has placed most money that is the most vociferous at the trotting races near the post. Racing is in their blood. They excitedly shout their favorites' names, and wave their arms for its encouragement, and if it wins, all right. If not, all right, it's a damn good horse, anyway.

It is perhaps the enthusiasm for the race shown by the people of Quebec that is responsible for the continuance of the Eastern International Dog-Sled Derby.

held annually in that city. The Derby is supported by winter sportsmen from all over the continent, and entries are made from all parts of the continent upon which snow falls to stay for the season; but without the support of the people of Quebec the event could not be the great success it is. On the three days for which the Derby is scheduled, everyone who can declare a holiday and gets as close to the starters' stand as is possible for the crowd, and when the dogs come panting home, it is not so much the visitor at the Chateau as it is Jean Baptiste of Quebec who cheers them in.

This season's Eastern International Dog-Sled Derby has been definitely scheduled to take place February 19, 20 and 21st. As in former years the distance to be covered will be 120 miles, at the rate of 40 miles more or less each day. Earl Brydges, winner of last year's Derby with the Ontario Paper Company's team, will defend his honors in the face of much competition. An American team won the gold trophy in 1922, and it is expected that several teams will try to regain it for the United States. Possibly fifteen or more teams will try to keep it from going across the border, including one of five Alaskan huskies which is being entered by two McGill students. This is headed by "Dan Jo" which led three teams to victory in three sweepstakes in the Yukon district last year.

\$100 REWARD

The leading citizen of a small country town lost his daughter's pet cat. He handed the local newspaper an ad offering \$100 reward for the return of the lost cat. A day or so later he called at the newspaper office for news of the cat, only to find a small boy present. "Where is the editor?" he asked the boy. "Out," was the reply. "The assistant editor?" he continued. "Out," was again the reply. "Where's the reporter, the printer, where's the whole staff gone to?" asked the astonished man. "All out looking for your cat," was the reply. Which only goes to show that \$100 is a lot of money.—Exchange.

Seeing Is Believing

The hall was crowded to hear the eminent speaker on things concerning religion. He spoke for some minutes with interruptions that meant nothing but applause. Then, suddenly, a man rose from the body of the hall and, walking up to the platform, said in a loud voice: "The trouble with you clergy is that you believe in things you can't see. I don't. I'm a man of common sense."

"Oh, are you?" answered the speaker without hesitation. "Well let us believe the things we can see. Put your common sense on the table and then we will believe that you have it."

SODIUM SULPHATE IN CANADA

The Prairie Provinces of Canada are regarded primarily as agricultural areas and up to the present time they have not been considered seriously as probable contributors to the mineral wealth of the country. Recently, however, the resources of these provinces in non-metallic minerals, such as clays, coals, oil, gas, and sodium and magnesium salts have been attracting the attention of capital with the result that considerable activity is evidenced in all the minerals mentioned.

The steadily increasing interest in the sodium sulphate deposits induced the Mines Branch of the Department of Mines, Ottawa, to institute a detailed investigation of such deposits to determine, if possible, the economic value and the extent of reserves. The work has been in progress during the field seasons of 1921, 1922 and 1923.

Natural occurrences of sodium mineral salts are known in the provinces of Manitoba, Saskatchewan, Alberta and British Columbia, either in the form of bedded deposits or as brines. Some are of considerable extent and are probably of sufficient size to warrant commercial exploitation, provided economic methods of recovery can be developed and markets secured.

Two of these deposits are being operated and plans are under way for the opening up of other deposits. Salts and Chemicals, Limited, are operating a deposit at Dana, Saskatchewan, for the recovery of sodium sulphate from the bed of Muskiik lake, 23 miles west of Humboldt, Saskatchewan. The crude salts, running approximately 95 per cent hydrous sodium sulphate, are harvested in the winter months and placed in stock piles from which they are later treated in the company's drying plant on the property. The crude salts are treated, reprecipitated in the anhydrous form and dried ready for the market. The capacity of this plant is 100 tons of dried salt per day of 24 hours.

At Frederick lake, five miles southwest of Dumfries, Saskatchewan, and 35 miles from Moose Jaw, Saskatchewan, another salt cake recovery plant has been erected by the Bishopry and Lent Company. At this plant a large amount of experimental work has been carried out on various methods of drying and as soon as their processes are proved commercially successful, further units are to be added.

Deposits of natural sodium sulphate are known at many localities in Western Canada and a number of these are of large extent. The deposits vary in composition but they are

essentially mixtures of hydrous sodium and magnesium salts with small percentages of calcium sulphate chloride, sodium carbonate, etc. The hydrous sodium sulphate content in most of the deposits investigated is in excess of 80 per cent.

The main market for sodium sulphate in Canada at the present time is with the paper mills, which use between forty and fifty thousand tons each year in the manufacture of kraft paper. A small tonnage of the hydrous crystals as taken from the lakes is marketed for use in the tanning and textile industries.

The work so far carried out by the Mines Branch has necessarily been confined to only a small proportion of the total number of the deposits known; nevertheless, a quantity in excess of 50,000,000 tons of hydrous sodium and magnesium salts have been proven, and the prospects are that this figure will be greatly exceeded as the investigation proceeds.

The operations of the companies mentioned above (and the possibility of other deposits being opened up in the near future) should bring the mineral possibilities of the western provinces before the public and should form the nucleus of an industry which in time should prove of great importance to the whole of Canada.

The Fool's Cap

A certain business man, who was very hasty tempered, one morning rang his bell violently for the office boy. "What fool told you to place these papers on that file?" he enquired. "Please, sir, you did," stammered the boy. "Well, leave them here," he bellowed, "and take a week's notice for calling me a fool."

Labor Triumph

Sir J. C. Percy tells this one. "What are you going to make of your son, Charley?" I asked. "Well," replied Charley's father, "I made a doctor of Bob, a lawyer of Ralph, and a minister of Bert, and Joe is a literary man. I think I'll make a laboring man of Charley. I want one of them to have a little money."

Absent-Minded

An absent-minded bishop was travelling in Devonshire and when the train stopped at a place where tickets are inspected, he searched his pocket in vain.

"It does not matter, my lord," said the railway official.

"It matters a great deal," was the bishop's reply, "for how can I tell where I am going to if I cannot find my ticket?"

Light Conversation

Your school is not a seminary. It's a match factory," said the smart young college man to the girl student.

"You're right," said the girl. "We furnish the heads and get the sticks from the men's colleges."

As Per Instructions

Lord Babbington was instructing his new colored servant in his duties, adding: "Now, Zeke, when I ring for you, you must answer me by saying, my lord, what will you have?"

A few hours afterward, having occasion to summon the servant, his lordship was astonished with the following:

"My Gawd, what does you want now?"

Mr. T. C. Phillips, district manager of the Mutual Life Assurance Co., at Red Deer, has resigned his position with the Mutual and is removing to Edmonton where he will manage the Northern Alberta Agency of the London Life. Mr. Phillips will have as his territory all the province from Red Deer north. While only residing in Red Deer for a short time, he has made lots of friends who will be sorry to see him go, but will wish him success in his larger field. Mr. and Mrs. Phillips expect to leave about December 16th.—Red Deer Advocate.

MOTHER AND DAUGHTER BANQUET AT BELLEVUE

The annual mother and daughter banquet of the Junior and senior C.G.I.T. groups was held in the Community hall on Thursday evening, November 26th.

Altogether, counting the visitors, there were about eighty present. Just a little after six, the girls escorted their mothers downstairs and there all sat down to a delicious supper. The room was attractively decorated in blue and white and the tables were graced by artificial flowers. Miss Georgina Chiaravalle was toastmistress for the evening. The toast to "Our King and Country" was proposed by Grace Dryden and responded to by the singing of "God Save The King" and "O, Canada."

"Our Church," by Lena Kasevich, responded to by Rev. Mr. Oliver. "Our Sunday School," proposed by Ivy Johnson, responded to by Mr. Shevel. "Our Mothers," proposed by Lillian Wilcox, responded to by Mrs. B. Dryden. Greetings from Hillcrest groups by Miss Irene May; greetings from Trail Rangers, (1) Mr. M. D. McEachern; (2) Harold Jordan, "Live Wires"; (3) Jack Jackson, "Bull-dogs." Greetings from the Tuxis, Arthur Emmerson; greetings from the Athletic Club, Joe Knowles.

After supper, girls, mothers and visitors went upstairs, where the girls gave a few sing-songs. Then for half an hour all were entertained by some lantern slides, entitled "Woman, The World Over." After these slides, a concert programme was carried out, including the following items: piano solo, "Tramway," by Florence May; song, "I Love a Little Cottage," by Lillian Wilcox; "With Lofly Strides," a piano solo, by Helene Corrier; song, "Pal of My Dreams," by Esther Christie; piano solo, "The Fountain," by Ina Wood; duet, "There's Only One Pal After All," by Doris and Beatrice Radford; piano solo, "One Fragment," by Pearl McDonald; duet, "Georgia Lullaby," by Monica Hall and Lillian Wilcox; recitation, "How Christmas Came to The Porchouse," Lena Kasevich; piano solo, "At Evening," by Gertrude May; piano solo "Fifth Nocturne," by Hubert Dambois; song "That Old Irish Mother of Mine," by Rev. Mr. Oliver; piano solo, "Paderewski's Minuet," by Margaret Eccleston.

The evening's programme was brought to a close by the singing of "God Save The King." Then all dispersed, after a very successful and pleasant evening.—L.R.

WINNER WAS LOSER

McLeod, November 28th, 1924. Dore Edgerton:

I am a highly interested reader of your paper. I note that you have mentioned the fact of me losing a dollar bill at the Empire corner in McLeod during a wind storm, and also that I recovered the same by running after it to Tabber.

I take this opportunity of letting you know, that I wear out a pair of shoes doing this, and landed in Tabber in my stocking feet. The question I want to ask you is this: "Did I win or lose by the marathon?" Hoping you are the same, I remain,

Yewers respectfully,
Angus McHaggis.

J. B. Davies, editor of the Lethbridge weekly Canadian Advocate, is offering himself as a candidate for advisory commissionership of Tabber city.

Three Rivers, Quebec, Has New Station

Citizens of Three Rivers, Quebec, regard the recent inauguration of the new Canadian Pacific Railway Station as marking a new epoch in the life of their city inasmuch as it affords proof of the status already attained by Three Rivers as an industrial centre and of the greater prominence it is expected to occupy in the future. The new station building is the most up-to-date and magnificent of its kind in eastern Canada. Of its construction cost, not less than \$200,000 represents the amount of money spent in Three Rivers.

Some idea as to the way Three Rivers has developed may be gathered from a few remarks made by E. J. Hebert, first assistant general manager agent, Canadian Pacific Railway, in proposing a toast at the banquet that marked the official opening. "Until 1876 navigation was the only transportation facility," he said. "Then the Northern Railway was built between Quebec, Three Rivers and Montreal, but it was not until 1905 that industries began to appear. With the opening of the St. Maurice Valley Railway trade developed rapidly. The towns of Shawinigan Falls, Grand Mere, Cap-de-la-Madeleine, La Gabelle, small hamlets in 1904, have become important industrial centres with populations respectively of 12,000, 7,500 and 3,000 people, while Three Rivers itself has over 30,000 people now and is still growing."

Appointed Director Canadian Pacific

The recent election of Mr. Ross Huntington McMaster to be a director of the Canadian Pacific, filling the vacancy created on the board by the death of the late Lord Babbington, is a recognition of the Company's part of his long-proved ability. Mr. McMaster is already vice-president and director of the Steel Company of Canada and director of the Northern Electric High School and Collegiate Institute. His business career began with the Sherwin Williams Co. of which he became assistant to the vice-president and general manager in 1917. In 1918 he was made assistant to the vice-president and general manager of the Montreal Rolling Mills Company. On the formation of the Steel Company of Canada he was appointed manager at Montreal.

Rev. Capt. "Bob" Pearson, of Lethbridge, finds it impossible for him to accept the appointment as president of the Crows' Nest Pass Hockey League, and a meeting of the league is to be called shortly for this purpose of making another choice.

\$10,000.00 CASH PRIZES

This season the Family Herald and Weekly Star, or Montreal, are making a remarkable race to readers by offering the subscription received in time each subscriber will have a chance to win a prize. The contest consists in which ten thousand dollars will be given. This is a unique contest requiring no special skill or tireless work. The first prize is five thousand dollars. If that prize is not enough the Family Herald is also offering to each subscriber who comes in in time a large calendar with a beautiful picture in colors, entitled "The Sale of Old Delsion." There is also available a catalogue of valuable rewards to be given to those who secure new subscriptions. With such wonderful value it is no wonder the Family Herald and Weekly Star is the first choice of Canadians because of an interesting publication it has no competitor.

COWLEY HAPPENINGS

Miss Martha and Arthur Tustian were week end visitors to Blaimore. Mrs. Henry Franz has gone to Plaza, Wash., for a few days business visit.

Mrs. B. Macdonell, of Fincher Creek, was a Cowley visitor on Wednesday.

D. R. Melvor, of Stettler, was a business visitor to town the latter part of the week.

The Women's Institute held their monthly meeting at the home of Mrs. Robert Littleton on Thursday evening last.

Miss Gleason, who was employed as teacher of the junior room here, left for her home in Calgary on Friday evening.

James Graham, who was employed with the Union bank here a few years ago, was a business visitor to town on Tuesday.

Mrs. Robert Day, accompanied by her daughter Dorothy, left for her old home in England on Sunday night for an extended visit.

Miss Tanner, who has been teacher of the Tanner school, has resigned her position. We understand that she has accepted a position on the Bellevue school staff.

A dance was held in town by the Banff orchestra on Tuesday night, in aid of the skating rink. The high-class music rendered drew a good crowd, as usual, in spite of the inclement weather.

The dance held at the school house on Friday night was well attended and much enjoyed. The room was beautifully decorated for the occasion. Mr. Hildridge and the larger pupils did everything they could to make the dance a success. Excellent music was furnished by local talent. A dainty and delicious lunch was served at midnight.

A very pleasant time was spent at the whist drive on Wednesday evening. The prize winners were: ladies' first, Mrs. M. A. Murphy (two hand-painted cups and saucers); ladies' second, Mrs. P. McEwen (pair of wool gauntlets); gentlemen's first, M. A. Murphy (leather belt); gentlemen's second, Clarence Gilmour (necktie). The booby prizes were awarded to Mrs. James Leigh and Emile Fortier. Mrs. Christie, Mrs. McEwen and Cruise Fortier were on the committee. The next drive will be held on Wednesday evening, December 10th.

NATIONAL FISH DAY

The Canadian Fisheries Association has designated December 10th as national fish day for this year.

The object of the day is to educate the public to appreciate the splendid food resources we have in our fisheries, also the revenue that may be derived from this source. Besides being one of Canada's best national resources fish is one of the best health foods on the market.

There are over 200,000 square miles of waters of fisheries under direct control of the Dominion government, with about three-quarters of them being used for fisheries, chiefly for commercial use, giving employment to about 70,000 people, showing there is room and work for thousands more if the home markets can be extended by people eating more fish.

It is a well known saying that the colder and purer the water the sweeter and purer the fish, which proves that the Canadian fish are the peer of the world, that is the cod, mackerel, halibut, salmon, herring and whitefish.

Canada's home consumption is relatively small to other countries, and the trade depends largely on foreign countries for business. About 60 per cent of the annual catch is an average export, of which the United States receives about one-half and Great Britain about one-sixth.

One day per year had been set aside as national fish day and each succeeding year has shown improvement, but the Canadian Fisheries Association

wants bigger improvement.

This day is being boosted all over the Dominion, so everyone help boost the fisheries by eating more fish on the 10th, then make a practice of having fish every week after.

Rev. Herbert Clay, who for a time was in charge of Anglican church work at Blaimore and Coleman, and who is now in charge of the work at Olds, Alberta, anticipates returning to England in the early spring.

Sessional Indemnities

The subject of indemnities paid to Senators, Members of Parliament and of Legislatures, which was dealt with in a previous article, is beginning to attract widespread attention throughout Canada, and, if the generality of voters proceed now to make their voices heard, there would appear to be strong hopes of success crowning the efforts of those who advocate this very necessary reform and consequent reduction in taxation.

The Union of Municipalities of Alberta is openly advocating a reduction of sessional indemnities, and in view of the fact that in Alberta the sessional indemnity is \$2,000, such action is not surprising, and especially so as for some years past the Alberta budget has not balanced and the Province has gone steadily into debt to meet its current expenditures. The Alberta Union of Municipalities goes farther and advocates a reduction in the salaries of cabinet ministers and of all Government employees receiving in excess of \$3,000 per year.

In the British Columbia Legislature a Conservative member, Reginald Hayward, advocated a reduction in the members' indemnities, but there was prompt and vigorous opposition from the members generally. British Columbia, however, has just recently passed through a general election, and the members, secure in their seats for a number of years, see no reason for cutting their incomes. This leads the Winnipeg Tribune to suggest that action looking to the reduction of indemnities should be taken at the last session before an election because "few members due to face their constituents within a short time would care to be on record upholding the present amount of the indemnities."

With a general election impending in at least one of the Prairie Provinces, Saskatchewan, and with the Legislature itself on record in favor of a reduction in the cost of the legislative machinery through a reduction in the number of members, pressure should now be brought to bear by the people of that Province in favor, not only of a reduction in the number of members, but in the amount of the sessional indemnity paid to the members.

True, the Saskatchewan indemnity is not now as large as that paid in Alberta, but it is nevertheless too large. Thousands of men are giving their services throughout the year as reeves and councillors of municipalities, attending council meetings every month, and generally devoting time and consideration to the needs and welfare of their communities and receiving little or no financial return. In comparison, members of the Legislature who attend one session of six or seven weeks a year and receive indemnities in excess of a thousand dollars are overpaid.

The situation at Ottawa is even worse than in the Provincial capitals. Less than twenty years ago the sessional indemnity of Senators and M.P.'s was \$1,500, the number of Senators 41 and of the House of Commons 214. Today there are 96 Senators, an increase of 15, and 224 M.P.'s, an increase of 20, and they each receive a sessional indemnity of \$4,000, or total indemnities of \$1,520,000 per session. In addition they enjoy other perquisites, not the least of which is free transportation on all the railways of Canada.

The members of the House of Commons are fixed by the British North America Act, and while the present membership may not be considered unduly large in view of the extent of the Dominion and its varied and frequently conflicting interests which demand adequate representation, the time will undoubtedly come when the unit of representation will have to be altered if the Commons is not to become an unnecessarily large and unwieldy body. The sessional indemnity can, however, be easily reduced. The fixing of the indemnity is in the hands of the members themselves.

Burdens with a huge war debt, which is forcing many sacrifices on the whole body of the Canadian people, and with as yet little real attempt being made to provide for the paying off of that debt, it would be an example of patriotism, an act of statesmanship, and an exhibition of real leadership if our Senators and Members of Parliament at the approaching session proceeded to fix the indemnity to be paid members of the next Parliament at a considerably lower figure than now prevails. The present financial condition of the country, and the resources of the Government, do not justify the present indemnities. They are the cause of dissatisfaction in the country and weaken the confidence in and respect for Parliament which should be entertained by every citizen.

What Fliers Must Learn

Aviator Has Little Chance to Correct Any Error

The air is a fluid, an unstable medium that flying can scarcely be a popular art for many decades, says a pilot of 1914.

An intrepid flyer must possess the birdman's physique and temperament; he needs alertness, and resourcefulness of mind. A knowledge of aerodynamics or a mechanical aptitude is desirable but is not enough in itself.

Year by year difficulties are surmounted. Perhaps designers will evolve a machine which has the self-righting properties of a Hibost. Safety at slow speeds must be obtained and the controls must be simplified before the man in the street can expect to fly.

A motorist may commit many glaring mistakes during his apprenticeship, but the learner in an aeroplane knows that his first slight error may cause his death.

Warns Against Yellow Peril

Where Real Menace to World Lies Says Albert Sarraut

Albert Sarraut, former minister of the colonies, former Governor-General of Indo-China, and a member of the French delegation at the Washington arms conference in 1921, sounded a note of alarm before a distinguished audience in Paris, declaring that the real menace to the future lay in the non-white third of the world's population.

"No one can think, without misgiving," he said, "of the preparations Japan is making to lead an Asiatic bloc against the European bloc."

He hoped that the leading spirits of Japan and the United States would avoid a conflict "far more terrible in effect on the world than the war of 1914."

Praise For Press Of Canada

Sir Henry Thornton Refers to High Standard Maintained

Addressing a gathering at Charlotte Harbor, Fla., recently, Sir Henry Thornton, the president of the Canadian National Railway, expressed his appreciation of the service the press of the Dominion had rendered the company and himself during his tenure of office.

"I should like to take advantage of this opportunity," said Sir Henry, "to say something I have wanted to say for a long time. And that is to offer my most heartfelt thanks to the press of Canada for the kindly way they have received me personally and officially. At the same time I want to thank them for their splendid, honest and unprejudiced support and from time to time their valuable constructive criticism."

"What I have seen of the newspapers of Canada has caused me to become convinced that they represent a bigger standard of patriotism, public service and honesty, than exists in any country I have been in. There is no paper in the whole of the Dominion of Canada whose editorial columns can be subverted. Our press is honest and strict and expresses their opinions freely. It has gone a very long way in awakening a national consciousness and in solving many of our national problems."

World's Poultry Congress

Big Show to be Held at Ottawa

The department of agriculture is making preliminary arrangements for the world's poultry congress, which, as a result of the efforts of F. C. Elford, Dominion poultry husbandman at the congress held at Barcelona, Spain, this spring, is to be held in Ottawa in the year 1927.

The appointment of a committee to attend to the preliminary arrangements has been considered and the minister of agriculture has authorized the appointment of the following westerners: J. H. Haro, poultry commissioner; Edmonton; R. K. Baker, University of Saskatchewan, Saskatoon; M. C. Horner, Manitoba Agriculture, Winnipeg; R. J. Collingwood, W. Moore, Vancouver; M. H. Rutledge, St. John's, Nfld.; Mrs. John Holmes, president N.O.P., Regina.

Hon. W. R. Motherwell will act as honorary chairman; Dr. J. H. Grisdale, deputy minister of agriculture, will act as chairman of the committee, and F. C. Elford, Dominion poultry husbandman, as vice-chairman and general director of the congress.

May Colonize Alaska

Movement to This Effect by U.S. Department of Interior

Attention has been directed by the U.S. Department of the Interior to the proposition of the colonization of parts of Alaska with farmers. A special report has been received at the department which asserts favorable conditions exist for the colonization of 50,000 farmers in the territory, with prospects for a ready market for crops raised in the warm summer season.

The report points out that the Alaska Railroad runs through the heart of a region containing fine soils and that almost every variety of agricultural products may be raised with railroad transportation facilities available for shipment of surplus crops not needed for home consumption.

Will Rebuild Ancient Castle

Viggo Lascelles Wishes to Maintain Connection in Ireland

"Viscount Lascelles, it is announced, has decided to rebuild the ancient castle of the Clanricardes and to live there for some months each year. He hopes to establish a racing stud in the famous stables almost at once. The castle was burned down by accident in 1826, was first erected in 1588 by the Earl Clanricardes. It has remained a ruin, but the outer walls were not affected by the fire to any great extent. Lord Lascelles, it is said, has always wished to maintain his connection with his ancient family seat, and it is hoped that Princess Mary will like an Irish home."

Illicit Drug Traffic

Soviet Russia Takes Drastic Measures To Suppress Evil

Although Soviet Russia recently declined to join the League of Nations' opium commission, the Bolshevik authorities have promulgated measures for the suppression of the illicit drug traffic which are more drastic than the United States penal and preventive legislation.

Hereafter, every person convicted of selling narcotics will not only be imprisoned or deported for a long period, but all his property will be confiscated and the offender deprived of citizenship.

Consumers of forbidden drugs will be dealt with by a little less severely than vendors. They will be quarantined in special anti-narcotic institutions at hard labor and released only upon a certificate from a physician.

A Bloodless Duel

Members of Florentine Legion Militia Cross Swords

In Italy, Deputy Eugenio Cheloni and Signor Tamborini, members of the Florentine Legion Volunteers Militia, recently fought a duel with swords. Deputy Cheloni was challenged by Tamborini as a consequence of attacks by the former on the militia which were published by the Voice Republicana. The duel continued 14 rounds, and neither was wounded. Doctors ordered a suspension of the conflict despite Cheloni's protest. There was no reconciliation.

Canada Needs New Currency

Winnipeg Board of Trade Suggests Issuance of New Bills

A large portion of the paper currency now in circulation has become dilapidated and unsanitary and is a menace to public health, according to a resolution adopted by the council of the Winnipeg Board of Trade which suggests that the Receiver-General of Canada take measures for the issuance of new bills both by the government and the banks.

Funeral Services in Lighthouse

Funeral services for Adam Gallie, Rome keeper of the light, were held in his lighthouse. The coffin with the Gallie's body was lowered by chains from the top of the lighthouse, and the pallbearers were dropped alongside the coffin by ropes. The funeral cortege consisted of a line of eight motorboats.

MAY APPEAL TO SUPREME COURT ON RATES CASE

Ottawa.—Granting by the railway commission of leave to appeal to the Supreme Court from its majority judgment in the Crow's Nest rates case is the first effective move by the prairie provinces to combat the abolition of the Crow agreement. While the leave is granted, the commission reserves judgment on the form of questions to be submitted.

There was conflict between counsel as to whether, as the railways claim, one fundamental question suffices, or whether there should be several. It is agreed that the primary question is whether the Crow's Nest is a special act overriding the General Railway Act, or whether the commission's authority under the latter is not circumscribed by any special enactment. Counsel for the prairie provinces desire, however, to go further and have the court pronounce on the question of discrimination, and say whether the Crow's Nest Act, if valid, should be applied generally, or only to those localities existing in 1917. The enlargement of the reference is opposed, as unnecessary, by the railway commission, and forcibly so by Commissioner Boyce.

To Stimulate Production

Forward Agricultural Policy Adopted by Baldwin Government

London.—A forward agricultural policy on the part of the Baldwin Government is foreshadowed in an official announcement, stating that the government, in convoking a conference of the owners of agricultural lands, farmers and farm laborers, and representatives of the government, intend the adoption of methods to maintain an increase of arable land and stimulate a maximum production of foodstuffs.

The statement declares that the proposed conference should aim at an addition of at least 1,000,000 acres of arable land, but should not give undue attention to the production of wheat to the exclusion of livestock, dairying and other agricultural activities. It points out that cultivated land can, in an emergency, be diverted to wheat, whereas normally it is not a greater extent than is economically profitable.

Record Price For Steer

Grand Champion Weighing 1,200 Pounds Bought \$14,000

Toronto.—What is believed to be the highest price ever paid in Canada for a steer was realized in the sale of J. M. Gardhouse's "Merry Monarch," grand champion of the Royal Winter Fair here. Its weight is 1,200 pounds and the price paid was \$14,000 a pound. The purchaser was the T. Eaton Company.

Suspect Soviet Agents

United States Cipher Code Stolen From Riga Consulate

London.—The United States consulate in Riga, Estonia, has been robbed the second time this year, says a dispatch to the Daily Mail from Riga. The diplomatic cipher code and a large quantity of diplomatic correspondence were stolen. According to the correspondent, agents of the Russian Soviet are suspected.

To Ask Arbitration Commission Moscow.—In its reply to the recent British note, the Soviet Government, it is understood, probably will reiterate its demand that the authenticity of the famous Zinoviev letter shall be passed upon by an arbitration commission.

Regarding Great Britain's rejection of the Anglo-Russian treaty, the Soviet reply is expected to state that all Russia can do is express regret that the opposition is too strong to establish through this medium cordial diplomatic and commercial relations between the two countries.

Lipton To Challenge Toronto.—Sir Thomas Lipton, well-known Irish sportsman, informed a local newspaper that he had definitely decided to challenge for the America Cup in 1924.

Jeilsons Returning Wellington, N.Z.—Viscount Jeilson, who has retired from the Governor-Generalship of New Zealand, and is being succeeded by Sir Charles Ferguson, has left New Zealand.

Christen Giant Drifted Washington.—The giant drift ZR-3, the last of the historic line of German zeppelins, was re-christened the United States ship, "Lochinvar."

Mortgage Association Will Discuss Rural Credits

Winnipeg.—Representatives of mortgage associations in the three prairie provinces and the western section of the Canadian Council of Agriculture met in a conference here December 16 and 17. The object of the conference, according to John Ward, secretary of the council, will be to bring about better understanding between the borrower and lender. Means by which the mortgage business may be placed on a more satisfactory footing for both parties and rural credits will be discussed.

Border Patrol Strengthened

U.S. Alleges Being Smuggled Over From Canada

Grand Forks.—One alleged smuggler of aliens and nearly fifty aliens alleged to have been smuggled over the Canadian border have been rounded up in the Grand Forks district in the last six or seven days. The officers announced, and a score of others are in jail charged with unlawfully entering the country from Canada.

Since the completion of harvest in the Dominion there has been an exceptionally large movement of aliens to border points, and the patrol forces have been strengthened to cope with the situation. It is declared that aliens congregate in Winnipeg from where smugglers drive them to the international border.

Strong Delegation From Prairie Provinces

West Well Represented At Meeting On Crow's Nest Rates

Winnipeg.—Western Canada will be represented by one of the largest and most influential delegations that has ever journeyed to the east to wait upon the Federal Government preparatory to the cabinet meeting called to deal with the issue of the board of railway commissioners relative to the Crow's Nest Pass agreement.

The prairie provinces are represented by Premiers Hon. John Bracken for Manitoba, and Hon. Herbert Greenfield, Alberta. Leading members of the legal profession are included in the delegation, including H. J. Symington, K.C., counsel for the three prairie provinces.

More Cattle For Britain

Shipments From Canada This Year Total 72,938 Head

Ottawa.—One of the largest weeks of the year for shipment of Canadian cattle to the United Kingdom was recorded for the seven days ended November 20, when 2,287 head were sent from Montreal, Halifax and Boston.

This brings the total for the year to 72,938 head. The increase over the corresponding period of 1923 is now more than 20,000 head, the figure for last year being 52,938.

The shipping companies in the week ended November 20 received \$45,740 in revenue from this source alone and for the year up to November 20 have netted almost \$1,500,000.

Asserts Board At Enmity With Veterans

Colonel Peck, V.C., Makes Statement At Meeting In London

Victoria, B.C.—Unanimous approval by the legislature of British Columbia was given to a resolution fathered by Captain Ian Mackenzie, Vancouver, and seconded by Col. Cyrus Peck, V.C., having for its object betterment of conditions for returned soldier pensioners and their dependents.

In speaking to the resolution, Col. Peck stated that, in all seriousness and will, full realization of what such a statement would convey, the pension board was at enmity with the cause of returned men in Canada.

To Tighten Alien Restrictions London.—A general tightening up of the regulations regarding aliens was promised to a deputation from the National Union of Students by Sir William Joynson-Hicks, home secretary. There are 22,862 registered aliens in Great Britain, of whom nearly 170,000 are in London.

Canadian Is Chairman Geneva.—Hon. Dr. H. S. Bland, Canadian minister of soldiers' civil re-establishment and delegate from the Dominion to the Geneva optional conference, was elected chairman of the committee dealing with the manufacture and sale of narcotics.

Receipts Exceed Expenditures Buenos Aires.—For the first time in many years Argentina's yearly revenue receipts exceed the expenditure.

A Livestock Pool

Plans Are Now Under Way For Formation of Pool In Saskatchewan

Saskatoon.—Plans for a livestock pool for Saskatchewan are now under way and are being prepared by the Farmers' Union of Canada from its head office here. The basis of the pool, according to Secretary W. M. Thrasher, will be a long term contract and the intention is for the Saskatchewan pool to co-operate with a livestock pool now organized in Alberta.

In preparing its plan for a livestock pool, the Farmers' Union consulted Aaron Sapir, who recommended for a Saskatchewan pool, the form of contract prepared for the Alberta livestock pool by the Hon. J. E. Brownlee, attorney-general of the province.

While it is the ultimate intention to handle all the export cattle to their foreign destination, the initial steps will consist of organizing local shipping facilities and handling the stock on the livestock markets of Canada and the United States.

REPORT LIFE OF LORD ALLENBY IS THREATENED

London.—Egyptian Nationalists have arranged to make a desperate attempt on the life of Viscount Allenby, the British High Commissioner, according to the Cairo correspondent of the Daily Mail, who says that information regarding this plan has been received from many trustworthy sources and that the danger is officially regarded as very serious.

The guards on the Residency have been doubled, and increased precautions will be taken to protect Lord Allenby when driving through the streets.

An order has been issued that every high British military and civil officer henceforth shall be accompanied by an armed escort. Officers must carry revolvers, and civilian officials must carry revolvers in their desks.

Ziwar Pasha, the Egyptian premier, in an interview with Lord Allenby, according to the Mail's correspondent, declared his intention to comply with the last outstanding British demand—withdrawal of opposition to the fulfillment of Great Britain's wishes regarding the protection of foreigners.

Daring Patrolman Prevents Holdup

Put On Duty To See What He Could Do

New York.—An attempted holdup by three men of the patrons of a restaurant on the west side was thwarted by the daring of John T. Burk, who was put on patrol duty "to see what he could do." Burk wounded two of the men after a close range pistol duel and, with the aid of another patrolman, arrested them. The third gunman, though wounded, escaped.

French Admiral Recalled

Commander-in-Chief Declined to Receive Russian Delegation

Paris.—Admiral Eschmann, port admiral of Biscaya, and commander-in-chief of the French naval forces in North Africa waters, has been recalled, after declining to receive delegates of the Russian Soviet Government who arrived to take over the remnants of Baron Wrangel's fleet, says the correspondent of the Echo de Paris.

Double Drowning At Coast

Murder and Suicide Is Theory Held By Police

Port Huen, B.C.—What is alleged by the police to be a case of murder and suicide is revealed in the finding of the bodies of Arthur Johnson, 48, a Finlander, of Webster's Corners, and his five-year-old son, Charles, drowned in four feet of water in a bath tub outside of their home here.

The discovery was made by Henry Johnson, another son of the dead man.

Many Candidates In German Election Berlin.—A total of 26 distinct parties have candidates for the Reichstag, in the approaching election, among these being the tenants' party, a reconstruction party, valorizations and savings parties.

Probe Attempted Wreck Calcutta, India.—Authorities investigating two attempts to wreck mail trains in the presidency of Bengal are convinced the violence was due to political motives.

Franco-German Treaty Paris.—The Franco-German commercial treaty negotiations are understood to be proceeding satisfactorily and will last about five more weeks.

British General Assassinated

SIR LEE STACK

Sir Lee Stack, of the Egyptian Army and Governor-General of the Sudan, who was shot down by assassins in Cairo.

Radio Compass Guide Boon To Aviators

Mechanism Shows Route When Landmarks Obscured By Fog

Washington.—The first test of the "radio compass" guide for aviators on all-weather flight promises the end of all fears for the flyer who now must largely guess his way when fog or haze obscures his view of the earth.

Radio compass mechanism, perfected after long experiment by the United States Air Service and Signal Corps, to overcome the handicap of low visibility in flying, was given its first practical experiment in flight between the airway points of Dayton, Ohio, and Moundsville, W.Va.

While a constant stream of signals roared between the radio towers at the two places, the aviator, flying in a haze and without attempting to guide by landmarks, was kept on a virtual beam-line by a special receiving apparatus that told him by the signals when he was sliding off his course.

Sir Gilbert Parker Injured

Severely Bruised When Knocked Down By An Automobile

Albion, K.C.—Sir Gilbert Parker, of London, the novelist, suffered severe injuries here when he was struck and knocked to the ground by an automobile.

Sir Gilbert, who is 62 years of age, arrived in New York aboard the United States liner President Harding on November 21 on his way to South Carolina to recuperate after undergoing an operation in London, and to revise a novel he has written while in the period of Louis XIV. of France.

Planning Zeppelin Expedition To Pole

Nansen May Accompany German Aviator To Far North

Christiana.—Commander Burns, German aviator, who in 1919 published a plan for a Zeppelin expedition to the north pole is here as the guest of Dr. Fridtjof Nansen, who is reported to have agreed to accompany him when he puts the plan into operation at a date yet to be announced. The expedition will be a scientific one.

Predicts Mine Strike

London.—A great struggle between the miners and the mine owners in the near future is predicted by A. J. Cook, general secretary of the Miners' Federation. Secretary Cook says the struggle will come either in connection with the mine owners' demand for a reversion to the eight-hour day or on the definite refusal of the mine workers to ratify further agreements unless a living wage is assured thereby.

Two Years For Faithless Guard

Montreal.—For adding Guilespere Sordani in the latter's attempted escape from Bordeaux Jail prior to his execution for the murder of Henri Clouzeau, Jean Carpenter, former guard at the jail, was sentenced to two years' imprisonment by Justice Demers.

England and Japan Agree Geneva.—England has agreed to Japan's maintenance of the right to import, export and transport opium under the government import certificate system and a full agreement between the two nations is now possible at the anti-drug conference being held here.

Dome Of Church Collapsed

Rome.—Immediately after the end of a schismatic congress in the cathedral of Saint Dominic at Palermo, the dome collapsed. Everyone had left before the accident happened. Many noted Sicilians are buried in the church, which was built in 1490 and can hold 12,000 people.

Manitoba's Plan To Relieve Unemployment

Winnipeg.—As a means of relieving unemployment, the Provincial Government will immediately call for tenders for graveling the Lake St. Lawrence highway between St. Norbert, six miles south of Winnipeg, and Emerson, on the international boundary. Hon. W. R. Chubb, minister of public works, announced. The government also contemplates the extension of the main trunk highway—throughout the entire province, the minister stated, but this programme will extend over a period of years and will be developed only as economic conditions warrant.

Foreign Press Criticism

London Evening Standard Reminds U.S. of the "Maine" Incident

London.—That the press of the world in general is of somewhat different mind than the Conservative newspapers of England, there is ample evidence in long extracts from the foreign editorial pages which are pouring into London by wire and wireless. The Evening Standard, in an editorial bearing the caption "The Foreign View," says of the press criticism in France and the United States:

"America asserts in regard to large parts of the globe a doctrine at least as strong as that for which we have secured recognition in Egypt. We must assert our own right to deal with what is essentially our own affair, in our own way. This is not a dispute of the kind with which the League of Nations is qualified to deal."

"In regard to American criticism: the British Government has attended to capitalize, for state purposes, a burst of indignation, and to use an assassination to do the work of statesmanship it would be easier if it were desirable to resort to the 'tu quoque'."

"The great republic is extremely sensitive concerning all attacks by small powers on its citizens and all assaults on national honor. We should hesitate to suggest that an ever capitalized incident on that kind, but the American flag waves in the Philippines because an accident happened in Havana harbor."

WEST IS WELL REPRESENTED AT CHICAGO SHOW

Chicago.—Even more interest for Canada was added to the International Livestock Exposition being held at the stockyards here with the announcement that Premier Greenfield, of Alberta, will be a guest at the show. Officials of the show are planning to see that he gets a fitting reception, and it is probable that he will be called on for a short speech.

Premier Greenfield's visit will also spur the numerous Alberta entries on to do even better than in the past. Though his attention will be centred on the hay and grain division, in which his province's entries are most numerous, he will also watch the luck of the Albertans in the cattle, sheep and horse divisions.

The largest individual exhibit in the cattle division is from an Alberta ranch in from O. A. Boggs and Son, of Dayland. Mr. Boggs, who last year took one second, one fourth, and four other places in the various classes of Herefords, has entered twelve Herefords this year. His exhibit stands a strong chance of taking some blue ribbons, especially in the aged herd class.

Frank Collett, of Crossfield, Alberta, who also took some prizes last year, has entered nine Herefords.

Both the University of Alberta and the Experimental Farm at Lacombe are entered in the cattle division. The latter is sending seven Aberdeen Angus. The grand champion Aberdeen Angus bull of the entire 1923 show was owned by James Macgregor, of Brandon, Manitoba.

Among the other western entrants in the cattle division are H. Morrison, of Lacombe, and the H. A. Wright Farms, of Drinkwater, Sask., and the entries from the Prince of Wales ranch.

Decides To Publish Memorandum

Berlin.—The German Government has decided to publish its memorandum issued to the world powers on September 19, stating its standpoint regarding entry into the League of Nations, together with the various replies.

Thirty Killed In Earthquake

Constantinople.—An earthquake in the vicinity of Adrianople, in Asia Minor, destroyed several villages, killing thirty inhabitants.

PLOTS IN EGYPT MENACE LIVES OF BRITISH OFFICERS

London.—The discovery of a network of plots throughout Egypt declared to menace the lives of British officials in that country and in the Sudan, from the governor-general down to civil clerks, has caused the British authorities to issue orders for the arrest and imprisonment of all prominent anti-British plotters.

Further arrests, possibly on a large scale, in Cairo and Alexandria, are expected to follow quickly the arrests announced recently, it is intimated in official quarters here.

Great Britain, it is stated, intends to safeguard the lives of its subjects, and it is the belief of the men on the ground that the best method is to arrest the plot leaders, no matter what rank or position they may occupy in their country. Field Marshal V. Lord Allenby, British high commissioner in Egypt, has expressed the hope and opinion that the new Egyptian cabinet will co-operate in breaking the network of plots, in addition to accepting the British demand that political meetings be stopped.

Great Britain is placing much emphasis on this last demand, it being explained that the murder of the British high commissioner, Sir Lee Stack, in the British view, the result of the Egyptian Government's allowing open meetings, in which the discontented elements were able to work on public feelings and to further such plots as that for the murder of the Sir.

Beam Wireless Station

First Station in America Is Erected Near Montreal

Montreal.—For communication by means of Signor Marconi's new "beam" system with similar stations which are being erected in England by the Marconi company on behalf of the British Post Office Department, the first of five steel towers measuring 250 feet, which will support the aerials and reflectors of the new Marconi beam wireless station at Drummondville, near Montreal, was hoisted into place. It will be the first station in America to use the beam system of transmission in commercial telegraphy.

Receiving station of the same circuit is being built at Yamacksho, Que., also with five steel towers 250 feet in height, and rapid progress is being made.

Approves British Action

Melbourne Paper Endorses Policy in Egyptian Trouble

Melbourne, Australia.—Commenting on the Egyptian situation, the Melbourne Argus says:

"This proof that Great Britain is prepared to act, as well as talk, in defence of her policy, which is based on the interests of the civilized world, will serve as a warning to those who preach sedition in other countries not to presume too far upon patience."

Wolves Menacing Sheep

Drastic Measures Needed In Northern Ontario to Protect Flocks

Sault Ste. Marie, Ont.—The owners of the Bar River section are endeavoring to organize a wolf drive in order to protect their flocks from the ravages of the wild animals. Settlers declare that until drastic measures are taken to exterminate wolves they will have to discontinue their sheep raising.

Advocate Diversified Farming

Regina.—That diversified farming should be general in Saskatchewan and that farmers' organizations and the Federal and Provincial governments should do everything in their power to encourage farmers to raise better class livestock, are suggestions made by the mixed farming committee of the Saskatchewan Economic Board in an interim report to G. F. Edwards, president.

To Welcome U.S. Fleet

Melbourne, Australia.—A statement issued here, Premier Bruce said that the Australian people would give a rousing welcome to the United States fleet when it visits this country next year.

To Adjust War Claims

Washington.—Secretary of State Hughes has concluded a tri-party agreement with the Austrian and Hungarian governments under which war claims arising since July 31, 1914, will be adjusted.

Planning Dirigible Trips

Lakehurst, N.J.—Some time during the next year, the new air dirigible Los Angeles, formerly the ZR-3, will take a secretarial flight to Panama and England, it is announced.
